Name in parenthesis indicates which player has devotion and which family is responsible for snacks. Also, the parents' names in parenthesis are responsible for providing line judges. You need to provide 2 adults. In order to be fair, everyone needs to line judge on their game. This is for home games. At away games, we may be asked to provide one line judge. If it is your turn, please be prepared to do so. We have the option of providing a line judge at away games. If the other team offers a line judge, then only one of you will have to line the home game.
